City Council Schedules January 4 Workshop to Discuss Proposed Rezoning

North Myrtle Beach, SC – December 20, 2016 – The North Myrtle Beach City Council has scheduled a January 4, 2:00 p.m. workshop at City Hall to discuss the proposed rezoning of 9.33 acres of land located at the corner of Hillside Drive and 10th Avenue South from R-1 (Single Family Residential Low Density) to R-1B (Single Family Residential Low-Medium Density). With the exception of one lot with a single family home, the property is vacant and undeveloped as a remnant secondary dune.

City Council workshops are open to the public but they are not public hearings. They represent an opportunity for Council members to discuss among themselves issues that they may not have time to explore in sufficient depth at a Council meeting. With that said, the Mayor often allows some limited, representative input from members of the public who attend Council workshops.
