

The City of North Myrtle Beach is requesting proposals for the manufacture of five aluminum trailers. A prototype can be seen at a pre-bid meeting at the NMB Parks and Sports Complex Maintenance Facility scheduled for _____am on _____, 2017. Any difference in design must be proposed to and approved by the City prior to bidding.

Trailers shall meet the following criteria:

- Body shall be constructed of aluminum
- Platform shall be framed and supported with members sized and positioned as those on the prototype
- Overall platform dimensions to be 8' wide X 20' long, tongue excluded
- Platform height to be 22" or less
- Frame shall include fourteen (14) stanchions on which future spacers may be stacked – as installed on the prototype
- Wheels shall be within the footprint of the trailer
- Axles (2) shall be 3500 lb capacity
- Hitch shall be 2"
- Tongue jack shall be included
