RESULTS: December 14 City Council Meeting

North Myrtle Beach, SC – December 14, 2015 – During the December 14 North Myrtle Beach City Council meeting, Council approved second (final) reading of an amendment to the City’s Land Development Regulations Text pertaining to driveways. The City’s former regulation stated that a residential driveway may not provide access to more than one lot. The new regulation changes the definition of “Driveway” to read: “All private drives typically used to provide vehicular access to one residential lot, except where South Carolina Department of Transportation standards require the creation of a shared driveway.”

Council passed second (final) reading of an amended ordinance authorizing the establishment of the "Cherry Grove Improvement District." The amended ordinance adjusts those assessments in the cases where Council found it appropriate, confirms all other assessments, and amends the district boundaries as Council found appropriate. The ordinance also orders the recording of the assessment roll as amended in Horry County offices and the sending of a letter to each person who filed a written objection with the North Myrtle Beach city manager as outlined in their Notice of Assessment.

A copy of the amended ordinance can be found on the City’s website at www.NMB.us

Council approved a motion to appoint James Newton to serve on the Accommodations Tax Committee.
