**Background:**

David O’Connell, agent for the owners, has petitioned the City of North Myrtle Beach to annex ±2.29 acres on Little River Neck Road identified by PIN 351-06-02-0021. ## Exhibit A: Zoning Map Z-25-10

**6B. ANNEXATION & ZONING DESIGNATION Z-25-10:** City staff received a petition to annex ±2.29 acres on Little River Neck Road identified by PIN 351-06-02-0021. The lot is currently unincorporated and zoned Commercial Forest Agriculture (CFA) by Horry County. The petition also reflects the requested City of North Myrtle Beach zoning district of Single-Family Residential Low-Density (R-1) and will be heard concurrently.

**Existing Conditions and Surrounding Land Uses:**

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned CFA under Horry County jurisdiction. Located on Little River Neck Road, the parcel is vacant, undeveloped, and contains a City owned pump station. Surrounding parcels within City limits are zoned R-1 and Planned Development District (PDD).

**Proposed R-1 Zoning Development Standards**

		Single-family Dwelling	Churches	Other Permitted Uses
Minimum Site Area		10,000 SF	1 Acre	10,000 SF
Minimum Lot Width		80 feet	NA	NA
Minimum Yards:	Front	25 feet	25 feet	25 feet
	Side	10 feet <sup>1</sup>	25 feet	10 feet
	Rear	20 feet	25 feet	25 feet
Maximum Impervious Surface Ratio		40%	60%	40%
Maximum Height of Structures		35 feet (15 feet for Accessory Buildings)	45 feet	45 feet

Notes: <sup>1</sup> A five-foot side yard setback shall be required for substandard lots of record.

**R-1 District Permitted Uses**

Single-family detached dwellings, excluding mobile homes; neighborhood and community parks and centers, golf courses and similar outdoor uses, but not lighted for night use; publicly-owned recreation facilities; churches, places of worship, religious institutions including accredited educational facilities when accessory thereto; accessory uses; home occupations; and signs permitted by and in accord with all applicable provisions of Article III of the City’s zoning Ordinance.

**Planning Commission Action:**

As per the Zoning Ordinance Section 23-4, *Amendments*, the Planning Commission shall prepare a report and make recommendations on any proposed amendment to the North Myrtle Beach Zoning Ordinance, including the Zoning Map, stating its findings and its evaluation of the request. In making its report, the Commission shall consider the following factors:

- a) The relationship of the request to the Comprehensive Plan:

*The Future Land Use map contained in the 2018 Comprehensive Plan recommends Conservation Community as the land use class for the subject area. There are no permitted or explicitly defined land uses for this land use class. There are no recommended primary or secondary zoning districts for this land use class; the plan refers to a future zoning district that has not yet been created.*

The proposed zoning designation, R-1, is not a primary or secondary recommended zoning district within the Compliance Index for the subject property.

b) Whether the request violates or supports the Plan:

*Chapter 5, “The Way We Grow,” of the 2018 Comprehensive Plan identifies the Conservation Community future land use classification as follows: This classification is intended to provide an alternative type of development that preserves undisturbed natural areas, creates common open spaces, and has a light impact on the environment. It is ideally applied to undeveloped greenfield land that may be adjacent to sensitive environmental areas like wetlands and waterways.*

The proposed R-1 zoning is inconsistent with the Conservation Community land use classification found in the 2018 Comprehensive Plan. However, as the least intense zoning district, this district best serves the goals of the plan given the current conditions.

c) Whether the uses permitted by the proposed change would be appropriate in the area concerned:

*The purpose of the R-1 zoning district is, “To preserve and protect the character of existing neighborhoods and subdivisions, and to prohibit any uses which would compromise or alter existing conditions and uses. Also, these districts are intended to encourage residential infilling and expansion of existing neighborhoods and subdivisions. Development land uses permitted in each are designed to reflect existing conditions and enhance the prospects of ‘lie development.’”*

The uses permitted in the R-1 district would be appropriate in the area.

d) Whether adequate public-school facilities, roads and other public services exist or can be provided to serve the needs of the development likely to take place because of such change, and the consequence of such change:

*Current public rights-of-way serve this area. Access to Little River Neck Road is subject to SCDOT encroachment permit approval. To further subdivide this parcel, right-of-way will have to be created.*

e) Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewer to the area:

*Public water and sewer are available to the parcel.*

As a matter of policy, no request to change the text of the ordinance or the map shall be acted upon favorably, except:

- (a) Where necessary to implement the comprehensive plan, or
- (b) To correct an original mistake or manifest error in the regulations or map, or
- (c) To recognize substantial change or changing conditions or circumstances in a particular locality, or
- (d) To recognize changes in technology, the style of living, or manner of doing business.

This petition for annexation and zoning designation is presented to the Planning Commission for a recommendation that will be forwarded to the City Council at their next meeting tentatively scheduled for August 18, 2025. Should the Planning Commission desire to forward a positive recommendation to the City Council, one of the reasons should be included in the report.

**Staff Review:**

*Planning and Development, Planning Division*

The Planning Division has no issue with the proposed petition for annexation and zoning. Recent annexations adjacent to the parcel were zoned under the R-1 designation despite sharing the same inconsistency with the Conservation Community future land use classification.

*Planning and Development, Zoning Division*

The Zoning Administrator has no issue with the proposed petition for annexation and zoning.

*Public Works*

The City Engineer has no issue with the proposed petition for annexation and zoning.

*Public Safety*

The Fire Marshall has no issue with the proposed petition for annexation and zoning.

**Planning Commission Action:**

The Planning Commission may recommend approval, recommend approval with modifications and/or conditions; or recommend denial of the proposal, as submitted.

**Alternative Motions**

- 1) I move that the Planning Commission recommend approval of the annexation and zoning petition [Z-25-10] as submitted.

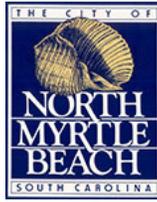

OR

- 2) I move that the Planning Commission recommend denial of the annexation and zoning petition [Z-25-10] as submitted.

OR

- 3) I move (an alternate motion).
