

REQUEST FOR CITY COUNCIL CONSIDERATION

Meeting Date: December 7, 2020

Agenda Item: 7B	Prepared by: L. Suzanne Pritchard, PLA, AICP
Agenda Section: New Business: Ordinance. First Reading	Date: December 2, 2020
Subject: Petition for annexation and zoning designation for 0.78 Acres on Little River Neck Road	Division: Planning & Development

Background:

John Dukes, authorized agent for the owner, has petitioned the City of North Myrtle Beach to annex approximately 0.78 acres of property located on Little River Neck Road identified by PIN 351-05-01-0017. The petition also reflects the requested City of North Myrtle Beach zoning district of Single-Family Residential Low-Density (R-1). The subject area is identified as Conservation Community on the Future Land Use Map; the proposed zoning designation, R-1, best serves the goals of the plan given the nature of this infill development.

Existing Conditions:

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned Commercial Forest Agriculture (CFA) under Horry County jurisdiction. Located on Little River Neck Road, the parcel is currently unoccupied and undeveloped. Surrounding parcels within City limits are zoned Single-Family Residential Low-Density (R-1) and Planned Development District (PDD) within the Tidewater Plantation PDD; adjacent unincorporated county parcels are zoned CFA. Upon annexation, the parcel would be designated R-1 as per Exhibit A: Zoning Map (Z-20-15), prepared by the City of North Myrtle Beach Planning & Development Department depicting the annexation boundary. A proposed ordinance has been attached for Council's review.

Planning Commission Action:

The Planning Commission conducted a public hearing on November 17th and voted unanimously to recommend approval of the annexation and zoning designation, citing b, to correct an original mistake or manifest error in the regulations or map. There was no public comment.

Recommended Action:

Approve the proposed ordinance on first reading

7B. ANNEXATION & ZONING DESIGNATION Z-20-15: City staff has received a petition to annex lands on Little River Neck Road totaling approximately 0.78 acres and identified by PIN 351-05-01-0017. The lot is currently unincorporated and zoned Commercial Forest Agriculture (CFA) by Horry County. The petition also reflects the requested City of North Myrtle Beach zoning district of Single-Family Residential Low-Density (R-1) and will be heard concurrently.

Existing Conditions and Surrounding Land Uses:

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned Commercial Forest Agriculture (CFA) under Horry County jurisdiction. Located on Little River Neck Road, the parcel is currently unoccupied and vacant. Surrounding parcels within City limits are zoned Single-Family Residential Low-Density (R-1) and Planned Development District (PDD) within the Tidewater Plantation PDD; adjacent unincorporated county parcels are zoned CFA.

Planning Commission Action:

As per the Zoning Ordinance Section 23-4, *Amendments*, the Planning Commission shall prepare a report and make recommendations on any proposed amendment to the North Myrtle Beach Zoning Ordinance, including the Zoning Map, stating its findings and its evaluation of the request. In making its report, the Commission shall consider the following factors:

- a) The relationship of the request to the Comprehensive Plan:

The Future Land Use map contained in the 2018 Comprehensive Plan recommends Conservation Community as the land use class for the subject area. There are no permitted or explicitly defined land uses for this land use class. There are no recommended primary or secondary zoning districts for this land use class; the plan refers to a future zoning district that has not yet been created.

The proposed zoning designation, R-1, is not a primary or secondary recommended zoning district within the Compliance Index for the subject property.

- b) Whether the request violates or supports the Plan:

Chapter 5, "The Way We Grow," of the 2018 Comprehensive Plan identifies the Conservation Community future land use classification as follows: This classification is intended to provide an alternative type of development that preserves undisturbed natural areas, creates common open spaces, and has a light impact on the environment. It is ideally applied to undeveloped greenfield land that may be adjacent to sensitive environmental areas like wetlands and waterways.

The proposed R-1 zoning is inconsistent with the Conservation Community land use classification found in the *2018 Comprehensive Plan*. However, as the least intense zoning district, this district best serves the goals of the plan given the current conditions.

- c) Whether the uses permitted by the proposed change would be appropriate in the area concerned:

The purpose of the R-1 zoning district is, "To preserve and protect the character of existing neighborhoods and subdivisions, and to prohibit any uses which would compromise or alter existing conditions and uses. Also, these districts are intended to encourage residential infilling and expansion of existing neighborhoods and subdivisions. Development land uses permitted in each are designed to reflect existing conditions and enhance the prospects of 'lie development.'"

The uses permitted in the R-1 district would be appropriate in the area.

- d) Whether adequate public-school facilities, roads and other public services exist or can be provided to serve the needs of the development likely to take place as a result of such change, and the consequence of such change:

Current public rights-of-way serve this area via Little River Neck Road. Driveway subject to City review and SCDOT encroachment permit approval.

- e) Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewer to the area:

Gravity sewer stops short 200' from property, but the city would consider extending this line for a single-family house. Water is available upon payment of required impact fees.

As a matter of policy, no request to change the text of the ordinance or the map shall be acted upon favorably, except:

- (a) Where necessary to implement the comprehensive plan, or
- (b) To correct an original mistake or manifest error in the regulations or map, or
- (c) To recognize substantial change or changing conditions or circumstances in a particular locality, or
- (d) To recognize changes in technology, the style of living, or manner of doing business.

This petition for annexation and zoning designation is presented to the Planning Commission for a recommendation that will be forwarded to City Council at their next meeting scheduled for December 7, 2020. Should the Planning Commission desire to forward a positive recommendation to City Council, one of the aforementioned reasons should be included in the report.

Staff Review:

Planning and Development, Planning Division

The Planning Division has no issue with the proposed petition for annexation and zoning. Staff would like to note that given that there is residential development surrounding this parcel, it is not a typical greenfield. Staff fully supports the requested R-1 zoning as residential infill development.

Planning and Development, Zoning Division

The Zoning Administrator has no issue with the proposed petition for annexation and zoning.

Public Works

The City Engineer has no issue with the proposed petition for annexation and zoning.

Public Safety

The Fire Marshall has no issue with the proposed petition for annexation and zoning.

Legal

The City Attorney has no issue with the proposed petition for annexation and zoning.

Planning Commission Action

The Planning Commission may recommend approval, recommend approval with modifications and/or conditions; or recommend denial of the proposal, as submitted.

Alternative Motions

- 1) I move that the Planning Commission recommend approval of the annexation and zoning petition [Z-20-15] as submitted.
OR
- 2) I move that the Planning Commission recommend denial of the annexation and zoning petition [Z-20-15] as submitted.
