**AN ORDINANCE TO AMEND CHAPTER 21, ARTICLE II, SECTION 21
TO ADD SUBSECTION (d) AND (e) IN SECTION 21-31.1 AND
TO ADD SECTION 21-44 THROUGH 21-51 TO THE CODE OF ORDINANCES
FOR THE CITY OF NORTH MYRTLE BEACH AS FOLLOWS:**

Whereas, in approximately 2008, Airbnb began operating an online marketplace for lodging, primarily for vacation rentals, which connects property owners (hosts) with persons (guests) seeking short-term rental accommodations; and

Whereas, the Airbnb platform allows a host to list his or her property as a short-term rental wherever the property exists including in neighborhoods that rarely, if ever, had short-term rentals prior to the creation of Airbnb; and

Whereas, other companies such as VRBO and Homeaway have created online short-term rental platforms similar to Airbnb; and

Whereas, the City of North Myrtle Beach currently has approximately 4,097 housing units that are offered as short-term rentals through online platforms such as Airbnb and Homeaway; and

Whereas, guests who have rented properties within North Myrtle Beach through the various short-term rental online platforms often bring and/or allow multiple automobiles to be parked on the grounds of the short-term rental property and/or within the right-of-way adjacent to or near the short-term rental property; and

Whereas, numerous vehicles parked on-site of a short-term rental or within the ROW adjacent to or near the short-term rental property can create safety issues as well as disturb the quiet enjoyment of persons located next to or near the short-term rental property; and

Whereas, the City has an interest in protecting the safety of its residents and visitors from parking practices that cause unsafe conditions and interfere with the quiet enjoyment of a person or persons located next to or near a short-term rental site; and

Whereas, the City recognizes that short-term rentals are a vital part of the City's economy and are an integral part of the City's tourist industry; and

Whereas, for the health, safety and welfare of the City's residents and visitors and to foster a symbiotic environment between the short-term rental industry and the City's residents and visitors;

In the event the short term rental is subject to a homeowners association, a property owners association and or recorded deed restrictions that limit the number of parking spaces for each residential unit, the owner of the short term rental shall certify on the application that the reported number of parking spaces is consistent with the number of parking spaces authorized by the homeowners association, property owners association and or the recorded deed restrictions.
