7A. ANNEXATION & ZONING DESIGNATION Z-21-8: City staff has received a petition to annex lands on Riverside Drive totaling approximately 0.46 acres and identified by PIN 311-16-04-0013. The lot is currently unincorporated and zoned MSF 10 Residential (MSF 10) by Horry County. The petition also reflects the requested City of North Myrtle Beach zoning district of Single-Family Residential Low-Density (R-1) and will be heard concurrently.

Existing Conditions and Surrounding Land Uses:

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned MSF 10 Residential (MSF 10) under Horry County jurisdiction. Located on Riverside Drive, the parcel has a raised manufactured home located on it. Surrounding parcels within City limits are zoned Planned Development District (PDD); adjacent unincorporated county parcels are zoned MSF 10.

Planning Commission Action:

As per the Zoning Ordinance Section 23-4, *Amendments*, the Planning Commission shall prepare a report and make recommendations on any proposed amendment to the North Myrtle Beach Zoning Ordinance, including the Zoning Map, stating its findings and its evaluation of the request. In making its report, the Commission shall consider the following factors:

- a) The relationship of the request to the Comprehensive Plan:

The Future Land Use map contained in the 2018 Comprehensive Plan recommends Residential Suburban as a land use class for the subject area. The principal permitted uses noted in the compliance index include primarily single-family lots, small farms and farm related uses such as produce stands, and mobile homes on individual lots. The recommended primary zoning district is R-1; R-1A and R-1B are the secondary zoning district alternatives.

The proposed zoning designation, R-1 (Single-Family Residential Low-Density), is a recommended zoning district within the Compliance Index for the subject property.

- b) Whether the request violates or supports the Plan:

Chapter 5, "The Way We Grow," of the 2018 Comprehensive Plan identifies the Residential Suburban future land use classification as follows: The purpose of this classification is to define, protect, and provide low density, single-family detached housing areas where designated, and to prohibit any development that would compromise existing residential characteristics. In addition, these areas are intended to provide for in-fill and expansion of existing neighborhoods and subdivisions. Standards and densities for these areas are designated to reflect existing conditions. This area is also intended to allow incorporation of property west of the waterway at densities typical of inland development. Primarily single-family lots, small farms and farm related uses such as produce stands, and mobile homes on individual lots, excluding large mobile home parks, are compatible uses here. This category allows up to five dwelling units per acre (du/acre).

The proposed R-1 zoning is consistent with the Residential Suburban land use classification found in the 2018 Comprehensive Plan.

- c) Whether the uses permitted by the proposed change would be appropriate in the area concerned:

The purpose of the R-1 zoning district is, "To preserve and protect the character of existing neighborhoods and subdivisions, and to prohibit any uses which would compromise or alter existing conditions and uses. Also, these districts are intended to encourage residential infilling and expansion of existing neighborhoods and subdivisions. Development land uses permitted in each are designed to reflect existing conditions and enhance the prospects of 'lie development.'"

The uses permitted in the R-1 district would be appropriate in the area.

- d) Whether adequate public-school facilities, roads and other public services exist or can be provided to serve the needs of the development likely to take place as a result of such change, and the consequence of such change:

Current public rights-of-way serve this area via the existing, county-maintained Riverside Drive.

- e) Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewer to the area:

Water service is available to the parcel; sewer service is under construction.

As a matter of policy, no request to change the text of the ordinance or the map shall be acted upon favorably, except:

- (a) Where necessary to implement the comprehensive plan, or
- (b) To correct an original mistake or manifest error in the regulations or map, or
- (c) To recognize substantial change or changing conditions or circumstances in a particular locality, or
- (d) To recognize changes in technology, the style of living, or manner of doing business.

This petition for annexation and zoning designation is presented to the Planning Commission for a recommendation that will be forwarded to City Council at their next meeting scheduled for June 21, 2021. Should the Planning Commission desire to forward a positive recommendation to City Council, one of the reasons should be included in the report.
