**DEVELOPMENT AGREEMENT FOR
HOPE POINTE PDD**

THIS DEVELOPMENT AGREEMENT (“*Agreement*”) is made and entered this ___ day of _____, 2021, by and between **NVR, INC.**, a Virginia corporation, its affiliates, subsidiaries, successors and assigns (“*Developer*”), and the governmental authority of the **CITY OF NORTH MYRTLE BEACH**, a body politic under the laws of the State of South Carolina (“*City*”).

WHEREAS, the legislature of the State of South Carolina has enacted the “South Carolina Local Government Development Agreement Act” (the “*Act*”), as set forth in Sections 6-31-10 through 6-31-160 of the South Carolina Code of Laws (1976), as amended; and

WHEREAS, Section 6-31-10(B)(1) of the Act recognizes that “[t]he lack of certainty in the approval of development can result in a waste of economic and land resources, can discourage sound capital improvement planning and financing, can cause the cost of housing and development to escalate, and can discourage commitment to comprehensive planning”; and

WHEREAS, Section 6-31-10(B)(6) of the Act also states that “[d]evelopment agreements will encourage the vesting of property rights by protecting such rights from the effect of subsequently enacted local legislation or from the effects of changing policies and procedures of local government agencies which may conflict with any term or provision of the development agreement or in any way hinder, restrict, or prevent the development of the project. Development agreements will provide a reasonable certainty as to the lawful requirements that must be met in protecting vested property rights, while maintaining the authority and duty of government to enforce laws and regulations which promote the public safety, health, and general welfare of the citizens of our State”; and

WHEREAS, the Act further authorizes local governments, including municipal governments, to enter into development agreements with developers to accomplish these and other goals as set forth in Section 6-31-10 of the Act; and

WHEREAS, the City seeks to protect and preserve the natural environment and to secure for its citizens quality, well planned and designed development and a stable and viable tax base; and

WHEREAS, Canal Land & Timber, LLC, a South Carolina limited liability company (the “*Owner*”) is the legal owner of the Property hereinafter defined and have given permission to Developer, the equitable owner of the Property, to enter into this Agreement with the City; and

WHEREAS, the City finds that the program of development for this Property (as hereinafter defined) proposed by Developer over approximately the next Five (5) years or as extended as provided herein is consistent with the City’s comprehensive land use plan and land development regulations, and will further the health, safety, welfare and economic wellbeing of the City and its residents; and

WHEREAS, the development of the Property and the program for its development presents an opportunity for the City to secure quality planning and growth, protection of the environment, and to strengthen the City’s tax base; and

WHEREAS, the City, at the request of the Developer, has approved the Hope Pointe Planned Development District (“**PDD**”), in lieu of the previously approved Esperanza P.U.D, July 2, 2007, as the applicable ordinance for the development of the Property, together with this Agreement, on or about the ____ day of _____, 2021; and

WHEREAS, this Agreement is being made and entered into between Developer and the City, under the terms of the Act, for the purpose of providing assurances to Developer that it may proceed with its development plan under the terms hereof, consistent with its approved zoning (as hereinafter defined) without encountering future changes in law which would materially affect the Developer’s ability to develop the Property under its approved zoning, and for the purpose of providing important protection to the natural environment and long term financial stability and a viable tax base to the City;

NOW THEREFORE, in consideration of the terms and conditions set forth herein, and other good and valuable consideration, including the potential economic benefits to both the City and Developer by entering this Agreement, and to encourage well planned development by Developer, the receipt and sufficiency of such consideration being hereby acknowledged, the City and Developer hereby agree as follows:

Notwithstanding the provisions referenced above, nothing in this Agreement shall preclude the City and Developer from entering into a separate utility agreement for cost-sharing of water transmission systems when such agreement may be of mutual benefit to both parties. Nothing herein shall be construed as precluding the City from providing potable water to its residents in accordance with applicable provisions of laws.

B. Sewage Treatment and Disposal. The City represents that it has available sufficient unallocated sewage treatment capacity to serve the Property. Accordingly, sewage treatment and disposal will be provided to the Property by the City, provided that the Developer keeps the City informed in writing of its progress with respect to the Development Schedule as set forth in Section 6 and further provided that the Development Schedule is not within five years of the effective date of this Agreement accelerated to increase demand within the Property beyond that reasonably foreseeable as of the effective date of this Agreement. The Developer shall be responsible for maintaining all related sewer infrastructure until offered to, and accepted by, the City for public ownership and maintenance. Upon final inspection and acceptance by the City, the Developer shall provide a twelve (12) month warranty period for all internal sewer infrastructure constructed to serve the Project. The only remedy at law or in equity that shall be available to Developer in the event of a breach by the City of the provisions of Subsections A and B of this Section 9 shall be an action for specific performance of the express terms hereof.

Subject to the provisions of Section 9.N below, the Property shall be subject to all current

sewer connection/capacity fees (“***Sewer Impact Fees***”) imposed by the City, provided such Sewer Impact Fees are applied consistently and in the same manner to all similarly-situated property within the City limits. Notwithstanding the above provisions regarding public roads within the Project, the City and Developer acknowledge that, prior to acceptance by the City as a public road, Developer reserves the right to close portions of the roads within the Project which are adjacent to Developer’s model homes and/or sales center, so as to preclude access to the general public. During such temporary road closures, the City may continue to access and use such roads for public purposes. Nothing herein shall be deemed to require that the City accept driveways, alleyways or other improvements which do not comply with the Complete Streets provisions of the City’s Land Development Regulations.

D. Road Standards and Traffic Impact. All public roads within the Project shall be constructed to City specifications. The exact location, alignment, and name of any public road within the Project shall be subject to review and approval by the City Planning Commission as part of the subdivision platting process. The Developer shall be responsible for maintaining all public roads until such roads are offered to, and accepted by, the City for public ownership and maintenance. Developer shall also provide a turn lane into the Property from Little River Neck Road, in accordance with the traffic recommendations of the City’s Public Works Director. Upon final inspection and acceptance by the City, the Developer shall provide a warranty period for all public roads within the Project, pursuant to the City’s Street Acceptance Policy in effect at the time of this Agreement.

Notwithstanding any provision herein to the contrary, this Agreement does not obligate the City to expend any funds of the City or borrow any sums in connection with improvements to the roads subject to this Section 9.D. The parties understand and agree that except as set out in the preceding sentence, the City may seek funding from third parties for any such improvements which by reason of this Section 9.D are not the responsibility of the Developer or the City, and that the availability of such funding is beyond the control of either the Developer or the City.

Q. Prohibition Against Conservation Easements and Other Restrictions on the Property. Developer specifically covenants and agrees not to subject the Property to a conservation easement or other restrictive covenant, whereby any portion of the Property shown as single family homes or amenities on the approved Master Site Plan included in the PDD is restricted for future development of such portion of the Property, the same shall also constitute a Developer Default hereunder, provided that, for purposes of this Agreement any conveyance to the Owners Association shall not be deemed such an easement or restriction, and shall not constitute a Developer Default.

R. Temporary Storm Drainage Maintenance. Developer will provide temporary storm drainage measures, which incorporate the existing storm drainage facilities located on the Property from the relic golf course to the reasonable satisfaction of the Public Works Director for the City, such that prior to commencement of Development Work, the Property shall continue to maintain the existing storm drainage facilities until the storm drainage facilities which are a part of the Development Work for each respective Phase of the PDD are complete, and the same are dedicated to the City.

S. General Maintenance and Mowing. Developer will mow the undeveloped Property no less than four times per year until the PDD is fully developed. The mowing shall occur in the periods between April 1 and October 31 of each calendar year. In addition, until the PDD is fully developed, the Developer shall remove any fallen trees on the Property, such tree removal to occur during the same periods set out for mowing above. The Developer shall be given a reasonable

period of time to be determined by the City Manager or his designee, to mow the Property and remove fallen trees on the Property in the event of a hurricane, rain event or other force majeure that prevents the Developer from complying with the mowing/maintenance schedule referenced above.

If the Developer fails to comply with the scheduled time frames for mowing and removal of fallen trees, as determined by the City Manager or his designee, then the City shall have the right to enter the Property for the purpose of mowing and removing any fallen trees, and the Developer shall reimburse the City for the costs of such mowing and/or tree removal in an amount equal to One Hundred (100%) percent of such the costs incurred by the City for mowing and/or tree removal. In the event Developer should fail to reimburse the City within Thirty (30) days of the date an invoice is delivery by the City to the Developer, the City may place a lien upon the Property, which lien shall be enforceable in the same manner as a property tax lien, which may only be satisfied by payment thereof.

T. Recording of Agreement. In accordance with provisions of § 6-31-120, Code of Laws of South Carolina (1976) as amended Developer shall record this agreement within fourteen days of final approval by the City; in addition, the burdens and benefits hereunder shall inure to successors in interest to Developer.

10. IMPACT FEES. The Property shall be subject to all development impact fees imposed by the City at the time of this Agreement, or following the date of this Agreement, provided such fees are applied consistently and in the same manner to all similarly-situated property within the City limits. All such impact fees shall not be due and payable until an application of any person or entity for a building permit for the vertical development of any subdivided lot or portion of the Property. In particular, the Developer agrees that it shall not seek any exemptions for any portions of the Property from any current development impact fees (so long as such development impact fees are applied consistently and in the same manner to all similarly-situated property within the City limits) for any reason.

11. ADDITIONAL FEES AND PUBLIC BENEFITS. The Developer and the City acknowledge that the Property was previously subjected to the Esperanza P.U.D. (the “**Prior Ordinance**”), which Prior Ordinance included a contribution agreement requiring total contributions to the City in an amount equal to (i) \$50,000.00 for each the Eight (8) proposed phases of development, totaling \$400,000, and if not paid in full in 5 years, the remaining balance must be paid at the end of 5 years; and (ii) \$1,000.00 each of the proposed 375 residential units to be developed under the Prior Ordinance; and (iii) \$50,000.00 as a portion of the costs to be incurred by the City in commissioning a traffic study for Little River Neck Road. In lieu of the fees set forth under the Prior Ordinance, and in addition to any other fees set forth elsewhere in this Agreement, Developer and City acknowledge that the Project and its residents will place additional demands on certain services, resources and amenities provided by the City for its residents, and, in accordance with the terms of the PDD, Developer shall also pay to the City, or make for the benefit of the City, those public benefits set forth in the PDD, which fees are being paid in lieu of any other impact fees or development fees adopted by the City at any time during the Term of this Agreement, as set forth below:

A. The contribution to the City of an amount equal to \$50,000.00 for each of the Eight (8) Phases within the PDD, at the time of Developer’s submittal of a preliminary plat for each respective Phase, totaling \$400,000.00, provided that, not later than Ten (10) business days following

the Fifth (5th) anniversary of this Agreement, Developer shall pay to the City, the difference between the total of the amounts previously paid by Developer to the City and \$400,000.00.

B. Beachfront parking fee in an amount equal to \$1,100.00 per Residential Unit, together with a park enhancement fee in an amount equal to \$200.00 per Residential Unit, each as shown on the approved Master Plan, and which total of \$1,300.00 per Residential Unit shall be payable at the time of building permit issuance, provided, however that, to the extent the aggregate total of the beachfront parking fees and park enhancement fees paid in the aggregate are less than \$375,000.00, then, not later than Ten (10) business days following the 5th anniversary of the date of this Agreement, Developer shall pay an additional amount equal to the difference between the amounts previously paid for beachfront parking fees and park enhancement fees, in the aggregate, and the greater of (i) \$375,000.00; or (ii) an amount equal to \$1,300.00 per Residential Unit shown on the approved Master Plan.

C. Stormwater conveyance and retention facilities sufficient in capacity to accommodate the storm water generated from the Property, and provide the City with evidence of the necessary and required permanent and perpetual easements necessary to facilitate such drainage from the Property.

D. Developer shall also provide, at Developer's expense, within the public right-of-way of Little River Neck Road, a turn lane into the Property from Little River Neck Road, in accordance with the traffic recommendations of the City's Public Works Director.

E. Developer recognizes that on-site amenities and open spaces within the PDD reduce the demand on the recreational services which must otherwise be provided by the City, and therefore Developer agrees that the following recreational amenities and open spaces shall be provided in accordance with the approved Master Plan for the PDD:

- (1) The marina within the PDD provides both recreational and aesthetic benefits to the residents of the PDD, and may be installed in phases by the Developer, provided that the waterfront promenade portion of the marina will be installed prior to the completion of the remaining portions of the marina.
- (2) Sidewalks and walking trails are inter-connected and are provided within the PDD in accordance with the Master Plan for the PDD to provide pedestrian access within the PDD.
- (3) Developer will provide a pavilion/lookout with a walking trail to connect the waterfront areas of the PDD to the sidewalks within the PDD.
- (4) Developer will accelerate the swimming pool so that, prior to the issuance of building permits for more than 151 residential units within the PDD, the swimming pool is completed and accessible to the residents of the PDD.
- (5) Developer will incorporate exercise stations, pocket parks, a dog park and a "tot lot" within the PDD, in accordance with the Master Plan for the PDD.

12. PROTECTION OF ENVIRONMENT AND QUALITY OF LIFE. The City and Developer recognize that development can have negative as well as positive impacts. Specifically, the City considers the protection of the natural environment and nearby waters, and the preservation of the character and unique identity of the City, to be important goals. Developer shares this commitment and therefore agrees to abide by all provisions of federal, state and local laws and

regulations for the handling of storm water.

13. COMPLIANCE REVIEWS. Developer, or its assigns, shall meet with the City, or its designee, at least once per year during the Term to review development completed in the prior year and the development anticipated to be commenced or completed in the ensuing year as compared to the Development Schedule. The City shall provide written notice to the Developer of the date for such compliance review not less than Five (5) business days in advance, provided such notice shall not be applicable to standard reviews and inspections otherwise performed by the City as to the improvement of the Property. The Developer must demonstrate good faith compliance with the terms of this Agreement. The Developer, or its designee, shall be required to provide such information as may reasonably be requested.

14. DEFAULTS. Notwithstanding the provisions of Section 6 above, Developer shall continuously and diligently proceed with Development Work on the Property. Developer's failure to proceed with Development Work on the Property for a period of more than Six (6) months, other than as a result of Force Majeure, as defined in Section 6 above, shall constitute a default hereunder on the part of Developer. In the event of a default, the City shall provide written notice to Developer of such default, and Developer shall have a period of thirty (30) days in which to cure a default by commencement of Development Work with regards to the next portion of the Property to be developed in accordance with phasing plan of the PDD. The failure of the Developer to comply with the terms of this Agreement shall constitute a default, entitling the City to pursue such remedies as deemed appropriate, including withholding the issuance of building permits in accordance with the provisions of the PDD, specific performance and the termination or modification of this Agreement in accordance with the Act; provided however no termination of this Agreement may be declared by the City absent its according the Developer the notice and opportunity to cure in accordance with the Act.

15. MODIFICATION OF AGREEMENT. This Agreement may be modified or amended only by the written agreement of the City and the Developer. No statement, action or agreement hereafter made shall be effective to change, amend, waive, modify, discharge, terminate or effect an abandonment of this Agreement in whole or in part unless such statement, action or agreement is in writing and signed by the party against whom such change, amendment, waiver, modification, discharge, termination or abandonment is sought to be enforced except as otherwise provided in the Act.

Immediately after enactment of any such New Law, or court decision, a party designated by Developer and the City shall meet and confer in good faith in order to agree upon such modification or suspension based on the effect such New Law would have on the purposes and intent of this Agreement. During the time that these parties are conferring on such modification or suspension or challenging the New Laws, the City may take reasonable action to comply with such New Laws. Should these parties be unable to agree to a modification or suspension, either may petition a court of competent jurisdiction for an appropriate modification or suspension of this Agreement.

B. Estoppel Certificate. The City or any Developer may, at any time, and from time to time, deliver written notice to the other applicable party requesting such party to certify in writing, within thirty (30) days of such written notice, that this Agreement is in full force and effect, that this Agreement has not been amended or modified, or if so amended, identifying the amendments, whether, to the knowledge of such party, the requesting party is in default or claimed default in the performance of its obligations under this Agreement, and, if so, describing the nature and amount, if any, of any such default or claimed default, and whether, to the knowledge of such party, any event has occurred or failed to occur which, with the passage of time or the giving of notice, or both, would constitute a default and, if so, specifying each such event.

C. Entire Agreement. This Agreement sets forth, and incorporates by reference

all of the agreements, conditions and understandings between the City and the Developer relative to the Property and its development and there are no promises, agreements, conditions or understandings, oral or written, expressed or implied, among these parties relative to the matters addressed herein other than as set forth or as referred to herein.

D. No Partnership or Joint Venture. Nothing in this Agreement shall be deemed to create a partnership or joint venture between the City or any Developer or to render such party liable in any manner for the debts or obligations of another party.

E. Exhibits. All exhibits attached hereto and/or referred to in this Agreement are incorporated herein as though set forth in full.

F. Construction. The parties agree that each party and its counsel have reviewed and revised this Agreement and that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not apply in the interpretation of this Agreement or any amendments or exhibits hereto.

G. Transfer of Title. Transfers of title to the Property, in whole or in part, may be made, at any time and to any person or entity, without the consent of the City.

H. Binding Effect. The parties hereto agree that this Agreement shall be binding upon their respective successors and/or assigns.

I. Governing Law. This Agreement shall be governed by the laws of the State of South Carolina, and the parties further agree that venue shall be proper, without regards to any conflict of law principals, in a court of competent jurisdiction in Horry County, or such other jurisdiction in South Carolina as is appropriate and necessary under the circumstances.

J. Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original, and such counterparts shall constitute but one and the same instrument.

K. Eminent Domain. Nothing contained in this Agreement shall limit, impair or restrict the City's right and power of eminent domain under the laws of the State of South Carolina.

L. No Third Party Beneficiaries. The provisions of this Agreement may be enforced only by the City and the Developer. No other persons shall have any rights hereunder, unless specified in this Agreement.

M. Release of Developer. Subject to Section 5.B, in the event of conveyance of all or a portion of the Property, the Developer shall be released from any obligations and liabilities with respect to this Agreement as to the portion of Property so transferred, and the transferee shall be substituted as the Developer under the Agreement as to the portion of the Property so transferred; provided, however, the transferee(s) of the one acre contemplated for subdivision and conveyance under Section 5.B shall not be deemed to succeed to any Development Rights and Obligation of Developer under this Agreement.

18. DESCRIPTION OF LOCAL DEVELOPMENT PERMITS NEEDED. The development of the Property shall be pursuant to this Agreement, the PDD, the Land Development

Regulations, and Code of Ordinances, as amended; provided, however, in the event of any conflict between this Agreement and the PDD, the Land Development Regulations, and/or the Code of Ordinances, the provisions of this Agreement shall control. Construction will begin following receipt of permits from the City of North Myrtle Beach and from other regulatory bodies. The nature of this Project, together with the current economic conditions, prevents the Developer from providing exact dates for commencement of future phases or exact completion dates. Although the timing of completion of any particular Phase of the PDD is subject to then current market demands, the Developer anticipates a period of approximately Eighteen (18) months from approval of the PDD for design, permitting and installation of initial required infrastructure, and that approximately Two-Thirds of the Project would be complete within Five (5) years of approval of the PDD, with an additional One-Third of the Project being completed in the subsequent Two (2) year period.
