

REQUEST FOR CITY COUNCIL CONSIDERATION

Meeting Date: November 7, 2022

Agenda Item: 7I	Prepared by: L. Suzanne Pritchard, PLA, AICP, CFM	
Agenda Section: New Business: Ordinance. First Reading	Date: November 2, 2022	
Subject: Petition for annexation and zoning designation for 221.42 acres off Water Tower and Long Bay Rd [Z-22-13]	Division: Planning and Development	
<p><u>Background:</u> Robert S. Guyton, agent for the owner, has petitioned the City of North Myrtle Beach to annex approximately 224.42 acres of property located off Water Tower and Long Bay Rd identified by PINS 348-00-00-0027, 348-08-02-0004, and portions of PINS 347-00-00-0025 and 347-00-00-0039. The petition also reflects the requested City of North Myrtle Beach zoning district of Mid-Rise Multifamily Residential (R-2A). The subject area is identified as Resource, Conservation, and Protection on the Future Land Use Map. Though not supported by the City’s Comprehensive Plan, the proposed zoning designation, R-2A, was recommended by the Planning Commission to recognize, “substantial change or changing conditions or circumstances in a particular locality.”</p> <p><u>Existing Conditions:</u> The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned CFA under Horry County jurisdiction. Located at the intersection of Water Tower Road and Long Bay Road, the parcels are currently vacant and undeveloped. Surrounding parcels within City limits are zoned R-2A and Neighborhood Commercial (NC); surrounding county parcels are zoned CFA. Upon annexation, the parcel would be designated R-2A as per Exhibit A: Zoning Map (Z-22-13), prepared by the City of North Myrtle Beach Planning and Development Department depicting the annexation boundary. A proposed ordinance has been attached for Council’s review.</p> <p><u>Planning Commission Action:</u> The Planning Commission conducted a public hearing on July 19, 2022 and voted to recommend approval of the annexation and zoning designation citing ‘C’, to recognize substantial change or changing conditions or circumstances in a particular locality. There was no public comment.</p> <p><u>Recommended Action:</u> Approve or deny the proposed ordinance on first reading</p>

6F. ANNEXATION & ZONING DESIGNATION Z-22-13: City staff received a petition to annex lands on Water Tower and Long Bay Roads totaling ±416.31 acres and identified by PINs 347-00-00-0025, 347-00-00-0039, 348-00-00-0027, and 348-08-02-0004. The lots are currently unincorporated and zoned Commercial Forest Agriculture (CFA) by Horry County. The petition also reflects the requested City of North Myrtle Beach zoning district of Mid-Rise Multifamily Residential (R-2A) and will be heard concurrently.

Existing Conditions and Surrounding Land Uses:

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned CFA under Horry County jurisdiction. Located at the intersection of Water Tower Road and Long Bay Road, the parcels are currently vacant and undeveloped. Surrounding parcels within City limits are zoned R-2A and Neighborhood Commercial (NC); surrounding county parcels are zoned CFA.

Minimum distance between buildings: Where more than one principal building is located on a lot, minimum distance between buildings shall be 20 feet with one additional foot for each two feet in height over 35 feet, using the highest building.

*Per dwelling unit.

Notes:

¹ A seven-and-one-half-foot setback shall be applied to the ends of the structure and the exterior property lines, and zero setback shall be allowed for the interior common property line.

² Zero between units; 10 feet between end structures and side property line; no more than six units shall be attached in one building.

³ 10 feet for the first 35 feet in height and 15 feet for buildings in excess of 35 feet in height.

⁴ Rear yard shall be 10 feet except where contiguous to the project site property line, then a twenty-foot setback shall be required, and shall remain unoccupied by any accessory building or structure.

⁵ Minimum lot width and/or unit width.

Planning Commission Action:

As per the Zoning Ordinance Section 23-4, *Amendments*, the Planning Commission shall prepare a report and make recommendations on any proposed amendment to the North Myrtle Beach Zoning Ordinance, including the Zoning Map, stating its findings and its evaluation of the request. In making its report, the Commission shall consider the following factors:

- a) The relationship of the request to the Comprehensive Plan:

The Future Land Use map contained in the 2018 Comprehensive Plan recommends Resource, Protection, & Conservation as the land use class for most of the subject area (412.81 acres). The principal permitted uses noted in the compliance index include formal parks, informal open spaces, and protecting land directly adjacent to marshes, estuaries, and waterways from intense development. The recommended primary zoning district is Conservation Preservation (CP); R-1, R-1A, and R-1B are the secondary zoning district alternatives.

The Future Land Use map contained in the 2018 Comprehensive Plan recommends Residential Suburban as the land use class for one of the parcels making up 3.5 acres of the subject area. The principal permitted uses noted in the compliance index include primarily single-family lots, small farms and farm related uses such as produce stands, and mobile homes on individual lots. The recommended primary zoning district is R-1; R-1A and R-1B are the secondary zoning district alternatives.

The proposed zoning designation, R-2A, is not a primary or secondary recommended zoning district within the Compliance Index for the subject property in regard to either future land use class.

- b) Whether the request violates or supports the Plan:

Chapter 5, “The Way We Grow,” of the 2018 Comprehensive Plan identifies the Resource, Protection, & Conservation future land use classification as follows: Intended to preserve and protect scenic and natural resources; provide network of critical open space and non-renewable resources; includes formal parks, informal open spaces, and protecting land directly adjacent to marshes, estuaries, and waterways from intense development. The Residential Suburban future land use classification is defined as follows: The purpose of this classification is to define, protect, and provide low density, single-family detached housing areas where designated, and to prohibit any development that would compromise existing residential characteristics. In addition, these areas are intended to provide for in-fill and expansion of existing neighborhoods and subdivisions. Standards and densities for these areas are designated to reflect existing conditions. This area is also intended to allow incorporation of property west of the waterway at densities typical of inland development. Primarily single-family lots, small farms and farm related uses such as produce stands, and mobile homes on individual lots, excluding large mobile home parks, are compatible uses here. This category allows up to five dwelling units per acre (du/acre).

The proposed R-2A zoning is inconsistent with the Resource, Protection, & Conservation and Residential Suburban land use classifications found in the *2018 Comprehensive Plan*.

- c) Whether the uses permitted by the proposed change would be appropriate in the area concerned:

The purpose of the R-2A zoning district is, "To permit mid-rise multifamily development in areas of the community in response to the need for such housing, while safeguarding existing residential values, and environmental resources, and guarding against "overloading" existing infrastructure."

The uses permitted in the R-2A district would not be appropriate in the area.

- d) Whether adequate public-school facilities, roads and other public services exist or can be provided to serve the needs of the development likely to take place because of such change, and the consequence of such change:

Property is served by existing rights-of-way; however, improvements will be required.

- e) Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewer to the area:

Public water and sewer services are available to the parcel through the GSWSA.

As a matter of policy, no request to change the text of the ordinance or the map shall be acted upon favorably, except:

- (a) Where necessary to implement the comprehensive plan, or
- (b) To correct an original mistake or manifest error in the regulations or map, or
- (c) To recognize substantial change or changing conditions or circumstances in a particular locality, or
- (d) To recognize changes in technology, the style of living, or manner of doing business.

This petition for annexation and zoning designation is presented to the Planning Commission for a recommendation that will be forwarded to City Council at their next meeting scheduled for August 15, 2022. Should the Planning Commission desire to forward a positive recommendation to City Council, one of the reasons should be included in the report.

Staff Review:

Planning and Development, Planning Division

The Planning Division notes the inconsistencies with the Comprehensive Plan.

Planning and Development, Zoning Division

The Zoning Administrator has no issue with the proposed petition for annexation and zoning.

Public Works

The City Engineer has no issue with the proposed petition for annexation and zoning; however, notes the following improvements are required: Improve Water Tower Rd (may need center turn lane), Long Bay Rd will need to be improved to city standards (turn lane added), intersection/ driveway spacing will need to be evaluated during the development plan process, and additional right-of-way will be required on Long Bay Rd and Water Tower Rd.

Public Safety

The Fire Marshall has no issue with the proposed petition for annexation and zoning.

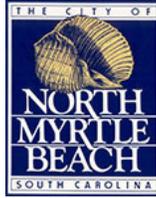

Planning Commission Action:

The Planning Commission may recommend approval, recommend approval with modifications and/or conditions; or recommend denial of the proposal, as submitted.

Alternative Motions

- 1) I move that the Planning Commission recommend approval of the annexation and zoning petition [Z-22-13] as submitted.
OR
- 2) I move that the Planning Commission recommend denial of the annexation and zoning petition [Z-22-13] as submitted.
OR
- 3) I move (an alternate motion).
