

REQUEST FOR CITY COUNCIL CONSIDERATION

Meeting Date: February 20, 2023

Agenda Item: 7F	Prepared by: L. Suzanne Pritchard, PLA, AICP, CFM
Agenda Section: New Business: Ordinance. First Reading	Date: February 15, 2023
Subject: Petition for annexation and zoning designation for 22.53 Acres Adjacent to the Bahama Island Planned Development District [Z-22-37]	Division: Planning & Development

Background:

Robert Guyton, agent for the owner, has petitioned the City of North Myrtle Beach to annex approximately ±22.53 acres adjacent to the Bahama Island Planned Development District (PDD) and located between the terminus of Ace Way and the Intracoastal Waterway. This property is identified by multiple PINs. The petition also reflects the requested City of North Myrtle Beach zoning district of PDD within the Bahama Island PDD and will be heard concurrently.

Existing Conditions:

The subject property is currently unincorporated but contiguous to the corporate boundary of the City of North Myrtle Beach. The lots are zoned Commercial Forest Agriculture (CFA) by Horry County and are currently vacant and undeveloped. Surrounding parcels within City limits are zoned within the Bahama Island PDD; adjacent unincorporated county parcels are zoned CFA. Development of these parcels has been limited by the lack of physical access to the property. Upon annexation, the parcel would be designated PDD as per Exhibit A: Zoning Map Z-22-37, prepared by the City of North Myrtle Beach Planning & Development Department depicting the annexation boundary. A proposed ordinance has been attached for Council's review.

Planning Commission Action:

The Planning Commission conducted a public hearing on January 10 and voted to recommend approval of the annexation and zoning designation, citing c, to recognize substantial change or changing conditions or circumstances in a particular locality. There was no public comment.

Recommended Action:

Approve or deny the proposed ordinance on first reading.

6A. ANNEXATION & ZONING DESIGNATION Z-22-37: City staff received a petition to annex ±22.53 acres adjacent to the Bahama Island Planned Development District (PDD) and located between the terminus of Ace Way and the Intracoastal Waterway. The lots are currently unincorporated and zoned Commercial Forest Agriculture (CFA) by Horry County. The petition also reflects the requested City of North Myrtle Beach zoning district of PDD within the Bahama Island PDD and will be heard concurrently.

Applicant:

Robert “Shep” Guyton, authorized agent representing the owner, has petitioned the City of North Myrtle Beach for annexation of approximately ±22.53 acres of property. The petition also reflects the requested City of North Myrtle Beach zoning district of PDD (Planned Development District) and will be heard concurrently. The development would be added to the Bahama Island Resort PDD as Phase 2.

Existing Conditions and Surrounding Land Uses:

The subject property is currently unincorporated but contiguous to the corporate boundary of the City of North Myrtle Beach. The lots are zoned CFA by Horry County. Surrounding land uses range from vacant to recreation vehicle (RV) resort. Development of these parcels has been limited by the lack of physical access to the property.

Planning Commission Action:

As per the Zoning Ordinance Section 23-4, Amendments, the Planning Commission shall prepare a report and make recommendations on any proposed amendment to the North Myrtle Beach Zoning Ordinance, including the Zoning Map, stating its findings and its evaluation of the request. In making its report, the Commission shall consider the following factors:

- a) The relationship of the request to the Comprehensive Plan:

The Future Land Use map contained in the 2018 Comprehensive Plan recommends Residential Suburban as a land use class for the subject area. The principal permitted uses noted in the compliance index include primarily single-family lots, small farms, and farm related uses such as produce stands, and mobile homes on individual lots. The recommended primary zoning district is R-1; R-1A and R-1B are the secondary zoning district alternatives.

The proposed zoning designation, PDD, is not a listed primary or secondary zoning district alternative in any of the land use classes within the Comprehensive Plan. However, staff would like to note the creation of the NMB RV and Dry Dock and changing conditions in the adjacent Phase 1 of the Bahama Island Resort PDD.

- b) Whether the request violates or supports the Plan:

Chapter 5, "The Way We Grow," of the 2018 Comprehensive Plan identifies the Residential Suburban future land use classification as follows: The purpose of this classification is to define, protect, and provide low density, single-family detached housing areas where designated, and to prohibit any development that would compromise existing residential characteristics. In addition, these areas are intended to provide for in-fill and expansion of existing neighborhoods and subdivisions. Standards and densities for these areas are designated to reflect existing conditions. This area is also intended to allow incorporation of property west of the waterway at densities typical of inland development. Primarily single-family lots, small farms and farm related uses such as produce stands, and mobile homes on individual lots, excluding large mobile home parks, are compatible uses here. This category allows up to five dwelling units per acre (du/acre).

The proposed zoning designation extending the Bahama Island Resort PDD does not seek to define, protect, and provide low density, single-family detached housing as identified in the Comprehensive Plan.

- c) Whether the uses permitted by the proposed change would be appropriate in the area concerned:

The purpose of the Planned Development District is to encourage flexibility in the development of land to promote its most appropriate use; to improve the design, character and quality of new development; to facilitate the provision of livable streets and utilities, to preserve the natural and scenic features of open areas, and to provide a flexible zoning management tool that meets the needs of integrated mixed-use developments in creative arrangements. This district is best suited to areas where "Planned Development District" is a superior response to less coordinated development, as permitted elsewhere by this chapter. It is also an appropriate response in relatively large areas undergoing redevelopment.

Extending the Bahama Island Resort PDD zoning classification would be appropriate in the area of concern given the immediately adjacent NMB RV and Dry Dock.

- d) Whether adequate public-school facilities, roads and other public services exist or can be provided to serve the needs of the development likely to take place as a result of such change, and the consequence of such change:

Roadways and public services to serve this property are within the vicinity; however, an extension of Bowline Boulevard would be required to develop the site.

- e) Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewer to the area:

Water and sewer services are available to the parcel through the Grand Strand Water and Sewer Authority.

As a matter of policy, no request to change the text of the ordinance or the map shall be acted upon favorably except:

- (a) Where necessary to implement the comprehensive plan, or
- (b) To correct an original mistake or manifest error in the regulations or map, or
- (c) To recognize substantial change or changing conditions or circumstances in a particular locality, or

- (d) To recognize changes in technology, the style of living, or manner of doing business.

This petition for annexation and zoning designation is presented to the Planning Commission for a recommendation that will be forwarded to City Council at their next meeting, scheduled for February 20, 2023. Should the Planning Commission desire to forward a positive recommendation to City Council, one of the aforementioned reasons should be included in the report.
