

REQUEST FOR CITY COUNCIL CONSIDERATION

Meeting Date: March 20, 2023

Agenda Item: 5D	Prepared by: L. Suzanne Pritchard, PLA, AICP, CFM
Agenda Section: Consent: Ordinance. Second Reading	Date: March 14, 2023
Subject: Petition for annexation and zoning designation for 0.27 Acres on Cashmere Lane [Z-23-3]	Division: Planning and Development

Background:

In 2006, the City of North Myrtle Beach City Council approved a resolution allowing the City Manager to enter into a pre-annexation agreement with LC Barnaba Construction, Inc. regarding Lot O of the Belle Edge Subdivision. This pre-annexation agreement allowed the residents of this property to connect to the water and/or sewer system of the City of North Myrtle Beach even though the property was not contiguous to the City's corporate boundary and was not eligible for annexation at that time. In exchange for allowing connection to the City's utilities, restrictive covenants were executed and recorded for this property allowing the property to be considered for annexation into the City of North Myrtle Beach once it was contiguous. Lot O was subdivided into five lots in a plat recorded on October 5, 2006, but the restrictive covenants run with all parcels that were included in the original Lot O. On October 4, 2021, City Council approved the annexation and zoning of the property immediately adjacent to Lot O on the north. At this time, the subject parcel became contiguous to the City's corporate boundary and eligible for annexation.

Existing Conditions:

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned Single-Family 6 (SF6) under Horry County jurisdiction. Located on Cashmere Lane off Cenith Drive, the parcel contains a single-family home. Surrounding parcels within City limits are zoned Single-Family Residential Low-Density (R-1); adjacent unincorporated county parcels are zoned SF6, General Residential (GR), and Single-Family 14.5 (SF14.5). Upon annexation, the parcel would be designated R-1 as per Exhibit A: Zoning Map Z-23-3, prepared by the City of North Myrtle Beach Planning and Development Department depicting the annexation boundary. A proposed ordinance has been attached for Council's review.

Proposed R-1 Zoning:

		Single-family Dwelling	Churches	Other Permitted Uses
Minimum Site Area		10,000 SF	1 Acres	10,000 SF
Minimum Lot Width		80 feet	NA	NA
Minimum Yards:	Front	25 feet	25 feet	25 feet
	Side	10 feet ¹	25 feet	10 feet
	Rear	20 feet	25 feet	25 feet
Maximum Impervious Surface Ratio		40%	60%	40%
Maximum Height of Structures		35 feet (15 feet for Accessory Buildings)	45 feet	45 feet

Notes: ¹ A five-foot side yard setback shall be required for substandard lots of record.

Planning Commission Action:

The Planning Commission conducted a public hearing on February 21, 2023 and voted to recommend approval of the annexation and zoning designation, citing “A”, where necessary to implement the Comprehensive Plan. There was no public comment.

Recommended Action:

Approve or deny the proposed ordinance on second reading

6B. ANNEXATION & ZONING DESIGNATION Z-23-3: Pursuant to a recorded pre-annexation agreement, City staff has begun the process to annex lands on Cashmere Lane totaling approximately 0.27 acres and identified by PIN 357-07-01-0009. The lot is currently unincorporated and zoned Single-Family Residential 6 (SF6) by Horry County. The petition also reflects the requested City of North Myrtle Beach zoning district of Single-Family Residential Low-Density (R-1) and will be heard concurrently.

History and Background:

In 2006, the City of North Myrtle Beach City Council approved a resolution allowing the City Manager to enter into a pre-annexation agreement with LC Barnaba Construction, Inc. regarding Lot O of the Belle Edge Subdivision (TMS 143-12-01-019). This pre-annexation agreement allowed the residents of this property to connect to the water and/or sewer system of the City of North Myrtle Beach even though the property was not contiguous to the City's corporate boundary and was not eligible for annexation at that time. In exchange for allowing connection to the City's utilities, restrictive covenants were executed and recorded for this property allowing the property to be considered for annexation into the City of North Myrtle Beach once it was contiguous. Lot O was subdivided into five lots in a plat recorded on October 5, 2006, but the restrictive covenants run with all parcels that were included in the original lot O. On October 4, 2021, City Council approved the annexation and zoning of the property immediately adjacent to the subject property on the north. At this time, the subject parcel became contiguous to the City's corporate boundary and eligible for annexation.

Existing Conditions and Surrounding Land Uses:

The subject property area is contiguous to the corporate boundary of the City of North Myrtle Beach and is zoned SF6 under Horry County jurisdiction. Located on Cashmere Lane, the parcel contains a single-family home. Surrounding parcels within City limits are zoned R-1; adjacent unincorporated county parcels are zoned SF6, General Residential (GR), and Single-Family 14.5 (SF14.5).

Proposed R-1 Zoning:

		Single-family Dwelling	Churches	Other Permitted Uses
Minimum Site Area		10,000 SF	1 Acres	10,000 SF
Minimum Lot Width		80 feet	NA	NA
Minimum Yards:	Front	25 feet	25 feet	25 feet
	Side	10 feet ¹	25 feet	10 feet
	Rear	20 feet	25 feet	25 feet
Maximum Impervious Surface Ratio		40%	60%	40%
Maximum Height of Structures		35 feet (15 feet for Accessory Buildings)	45 feet	45 feet

Notes: ¹ A five-foot side yard setback shall be required for substandard lots of record.

Planning Commission Action:

As per the Zoning Ordinance Section 23-4, *Amendments*, the Planning Commission shall prepare a report and make recommendations on any proposed amendment to the North Myrtle Beach Zoning Ordinance, including the Zoning Map, stating its findings and its evaluation of the request. In making its report, the Commission shall consider the following factors:

- a) The relationship of the request to the Comprehensive Plan:

The Future Land Use map contained in the 2018 Comprehensive Plan recommends Residential Suburban as a land use class for the subject area. The principal permitted uses noted in the compliance index include primarily single-family lots, small farms, and farm-related uses such as produce stands, and mobile homes on individual lots. The recommended primary zoning district is R-1; R-1A and R-1B are the secondary zoning district alternatives.

The proposed zoning designation, R-1 (Single-Family Residential Low-Density), is a recommended zoning district within the Compliance Index for the subject property.

- b) Whether the request violates or supports the Plan:

Chapter 5, "The Way We Grow," of the 2018 Comprehensive Plan identifies the Residential Suburban future land use classification as follows: The purpose of this classification is to define, protect, and provide low density, single-family detached housing areas where designated, and to prohibit any development that would compromise existing residential characteristics. In addition, these areas are intended to provide for in-fill and expansion of existing neighborhoods and subdivisions. Standards and densities for these areas are designated to reflect existing conditions. This area is also intended to allow incorporation of property west of the waterway at densities typical of inland development. Primarily single-family lots, small farms and farm-related uses such as produce stands, and mobile homes on individual lots, excluding large mobile home parks, are compatible uses here. This category allows up to five dwelling units per acre (du/acre).

The proposed R-1 zoning is consistent with the Residential Suburban land use classification found in the 2018 Comprehensive Plan.

- c) Whether the uses permitted by the proposed change would be appropriate in the area concerned:

The purpose of the R-1 zoning district is, "To preserve and protect the character of existing neighborhoods and subdivisions, and to prohibit any uses which would compromise or alter existing conditions and uses. Also, these districts are intended to encourage residential infilling and expansion of existing neighborhoods and subdivisions. Development land uses permitted in each are designed to reflect existing conditions and enhance the prospects of 'lie development. '"

The uses permitted in the R-1 district would be appropriate in the area.

- d) Whether adequate public-school facilities, roads and other public services exist or can be provided to serve the needs of the development likely to take place because of such change, and the consequence of such change:

Current public rights-of-way serve this area; access is subject to City encroachment permit approval.

- e) Whether the proposed change is in accord with any existing or proposed plans for providing public water supply and sanitary sewer to the area:

Water and sewer services are available to the parcel.

As a matter of policy, no request to change the text of the ordinance or the map shall be acted upon favorably, except:

- (a) Where necessary to implement the comprehensive plan, or
- (b) To correct an original mistake or manifest error in the regulations or map, or
- (c) To recognize substantial change or changing conditions or circumstances in a particular locality, or
- (d) To recognize changes in technology, the style of living, or manner of doing business.

This petition for annexation and zoning designation is presented to the Planning Commission for a recommendation that will be forwarded to City Council at their next meeting scheduled for March 6, 2023. Should the Planning Commission desire to forward a positive recommendation to City Council, one of the reasons should be included in the report.
