

ENHANCED HEALTH AND SAFETY MEASURES

Physical Distancing Measures

Signage: Directional signage will be installed to assist Guests to move responsibly through Santa's Village. Ground markings will be in place to promote proper physical distancing when queuing is needed.

Physical Barriers: Physical barriers have been added in designated areas to ensure proper physical distancing guidelines.

Enhanced Cleaning

Scheduled cleaning in high touch areas such as handrails, benches, tables, handles, restrooms, etc. Hand sanitizer stations are located at each ticket booth and throughout Santa's Village. Guests are encouraged to use sanitizing stations frequently.

Face Coverings

Face coverings are mandatory for entry into Santa's Village. Exceptions include children under two years of age, persons with religious beliefs contrary to wearing a mask, or persons with disabilities that make it difficult to wear a face covering.

Specific Precautions

Entrance / Exit to the Village – Each side of the entrance/exit boardwalk will be clearly marked, one side to enter, one side to exit. Stopping on the boardwalk is prohibited.

Petting Zoo – Guests will be provided gloves to wear prior to feeding/petting the animals. Animals will be separated into different stalls. Hand sanitizing stations at entry and exit. Physical distancing is required while waiting in line.

Santa's Elf Hunt Maze – A limited number of guests will be allowed in the Maze at one time. Staff will sanitize the Maze once per hour. Physical distancing is required while waiting in line.

Smore's Fire Pits – Six fire pits are available this year. Only one family at a time will be allowed to enter the fire pit area. Families waiting will be physically distanced.

Visits with Santa – Santa will be seated behind a clear protective barrier. Guests will be able to interact with Santa. Guests will sit in front of Santa for their picture.

Santa's Express Train Ride – Protective barriers have been installed between seats. Guest will be required to physically distance while waiting. Each train will be sanitized once per hour.

Visits with Blinx – Blinx will be separated from guests but will interact and take pictures with guests.

Photo Props - All photo props and high touch areas will be sanitized at least once per hour.
